You should dress professionally as you would for a recital or live audition.

### Recording

- A tablet or smartphone is all you need
- Find a quiet place
- Your camera should record from a fixed position. Set up the device to capture the student, their hands and the instrument. Treat the camera as if it were the judge.
- Remember to take a bow!
- Videos must contain all the repertoire listed on the original application. Entrants should NOT introduce themselves or announce the piece being recorded.

### Execution

- Run a technical dress rehearsal with everything in place.
- Check the sound and move the recording device, if needed.

### Recording Guidelines

- Elementary students have the option to record their two pieces in one video. Intermediate and Advanced students should record their pieces in two separate videos.

### Treat this as a live audition
